

**Pre Lab Technician Track Degree Plan supplement**

**BACHELOR OF SCIENCE IN BIOLOGY**      *Semester & Year of Completion* \_\_\_\_\_

**Student** \_\_\_\_\_ **Advisor** \_\_\_\_\_

**Date** \_\_\_\_\_

**Current GPA** \_\_\_\_\_

Please fill in the intended date (semester) of completion for each item, and then add the actual date of completion once appropriate. Add additional information on the back of this page if needed.

It is important to realize that many lab jobs require certification. For some positions, it is possible to earn the certification while working. If you choose this track, you need to realize that it may be faster and easier to get the job that you want by going directly to a certification program. However, there can also be advantages to earning a degree. Please discuss this with your advisor to make certain you fully understand your options.

Initial here to indicate that you have read the preceding paragraph. \_\_\_\_\_

Additional required courses (must be included on primary degree plan)

Intended    Completed

\_\_\_\_\_    \_\_\_\_\_

BS2113 Medical Terminology

\_\_\_\_\_    \_\_\_\_\_

BS2314 Microbiology

\_\_\_\_\_    \_\_\_\_\_

BS3514 Cell Biology

\_\_\_\_\_    \_\_\_\_\_

BS4234 Histology (recommended but not required)

Relevant experience (must complete at least one of the following, or a combination, to total at least 80 hours of experience; consider submitting a “preprofessional experience form” to document your work for any unofficial experience)
